102: Election of Program Council

The official ballot for Program Council allows for a total of four (4) persons to run as a group, with one (1) person designated in the ballot as the Chairperson in each group. This individual will serve as the primary liaison between ASCI Executive Council, ASCI Senate, and Program Council, respectively.

103: Time of Elections

All major ASCI Officers shall be elected in a regular election to be held on the Friday following Spring Break. Senators shall be elected in a regular ASCI election to be held on the Wednesday of the third week after the beginning of Fall Term.

104: Terms

The terms of office for all Senators shall extend from the time of their election until the end of that academic year. The terms of all major ASCI Offices shall extend from Commencement of the year of their election to the following Commencement. The time period from their election to Commencement will be known as a transition period where it is the duty of the outgoing officer to prepare the newly elected officer to fulfill their codified obligations. This may include attending Senate sessions with and other pertinent meetings decided by the outgoing and newly elected officers. No student may hold more than one of any of the aforementioned offices nor may any Judicial Board member hold any other ASCI office.

105: Election Board

An Election Board will conduct all ASCI elections. The Vice President of ASCI will be Chairperson of the Election Board. The Vice President may appoint a Chairperson to take their place. In addition to the Chairperson, the Election Board shall consist of one representative from each voting district, to be appointed by the Vice President at the beginning of the academic year. Candidates for office may not serve as Election Board members or clerks. Board members shall serve a term of one year. The ASCI Vice President will appoint members to fill vacancies created by resignation or disqualifications.

106: Election Board Duties

The Election Board shall be responsible for the enforcement and execution of the Election Code and shall determine the eligibility of all candidates and voters in accordance with the ASCI Constitution and Code. The Board shall ensure secret voting and shall take proper measures toward prevention of illegal voting procedures. The Board shall take appropriate actions to ensure an adequate electronic voting system is in place. The Board shall certify election results and present the official results to the ASCI Senate at the session following the elections. The Chair of the Election Board shall be accountable to the ASCI Senate for the execution of all elections covered in the ASCI Code.

Each candidate for a position as an ASCI Executive Officer, Program Council Director, or Senator must secure Declarations of Intent from the Office of Student Affairs. Completed Declarations of Intent shall be returned to the Office of Student Affairs no later than 11:59 pm on the night preceding election week. The Chair of Election Board shall make Declarations of Intent available fourteen (14) days prior to the date due. The title of the office and the name of the candidate shall be placed on the Declaration of Intent by the candidate, and the Declaration shall bear the signature of the candidate. The Declaration shall also include a waiver of privacy to academic records so that the Dean of Student Affairs may confirm the candidate's academic eligibility, but in no instance shall a candidate's GPA be disclosed to other students or to the public.

Due to the unique and important duties of the Vice President of Inclusive Excellence, candidates for Vice President of Inclusive Excellence must also submit a written statement detailing their qualifications and commitment to promoting inclusiveness among the student body to the Council for Diversity and Inclusion in addition to a Declaration of Intent. If the Council for Diversity and Inclusion determines that the candidate is unqualified or not interested in promoting inclusiveness, they may remove the candidate from the ballot with a majority vote.

109: Qualifications of Candidates

All candidates must be members of ASCI, and shall be full-time students of The College of Idaho. All candidates must be in good academic, financial, and judicial standing in order to run for an ASCI office. No person may compete for more than one office in any one election. All candidates shall abide by the rules of the Election Code.

110: Voter Eligibility

All members of the ASCI are eligible to vote. It shall be the duty of the Election Board to determine the eligibility of voters. Election officials may require additional identification, as they deem necessary. Individuals shall vote only within constituencies in which they are bona fide members. Voters are entitled to vote for the maximum number of candidates in the election.

111: Voting Districts

The school will be divided into voting districts: one for each populated residence hall, the Village Apartment Complex, and off-campus. The ASCI Executive Council will determine the number of seats per district, with the number of seats not to exceed twenty-four. The allocation will be done at the beginning of each academic year before the senatorial election. The criteria for determining the number of seats shall be the size of the student body population and even distribution among the districts.

112: Electronic Election Procedures

For all elections, an electronic voting system will be utilized. Voting will occur within a twenty-four (24) hour period, which will begin at 12:01 am and end at 11:59 pm the day elections are to be held. The electronic ballot form must include the following: the title "Official Ballot," the date of the election, listing of the offices up for election, each candidate for office listed under the title (in alphabetical order by last name), an ability to vote for a write-in candidate, and any other pertinent information deemed necessary by the Election Board. The electronic ballot will only be accessible through secure means, only by eligible voters, and shall require some sort of identification procedure to ensure security and eligibility.

113: Alternative Election Procedures

If for any reason the election procedures cannot be followed or fail, a re-election will take place no more than seven (7) days after the original election. The Election Board shall make the decision to implement alternative election procedures no later than the seven (7) day period.

114: Write-In Candidates

Write-in candidates shall be allowed to compete in all regular ASCI elections. They shall abide by all rules of the Election Code except those concerning Declaration of Intent. Write-in candidates who win an election shall be required to sign a waiver of privacy to academic records so that the Dean of Student may confirm the candidate's eligibility, but in no instance shall a candidate's GPA be disclosed to other students or to the public. A candidate may challenge the dean's information by referring to the registrar. A write-in vote must fulfill the requirements of Section I Subsection 08.

115: Tabulation of Votes

For ASCI Executive Officer and Program Council elections, each ASCI Executive Officer must be elected by a majority (50.1%) of the votes cast, excepting elections involving only two declared candidates. If a majority is not achieved, a clear plurality will be used to determine the outcome of the election. A clear plurality is defined as greater than 15% difference between the

top two candidates, with the top candidate receiving a minimum of 30% of the vote. If no candidate campaigning for an Executive Council or Program Council office receives the above-specified requirements, an emergency election will be held. In elections with only two declared candidates, any plurality shall elect a candidate, unless a write-in candidate in that race gains at least 25% of the votes and causes no clear plurality by one candidate. In this case, an emergency election will be held for that position with the two top candidates regardless of if they are a declared or write-in candidate.

For ASCI Senate Elections, voters will have the opportunity to vote for as many candidates as there are seats in their constituency. For example, if Simplot has three ASCI Senate Seats, voters in Simplot will be able to select three different candidates on the ballot. The candidates with the most total votes will win the seats for each constituency. If a tie changes the outcome of the election and more than two candidates are declared, an emergency election will be held between the tied candidates. If there is a tie and there are only two declared candidates, a coin flip, conducted by the Election Board Chairperson with both candidates present, will determine the winner of the election.

116: Posting of Results

Results shall be posted in a conspicuous public place and sent out in a campus-wide e-mail as soon as the official count is endorsed by the Election Board. Results shall also be published in the following issue of *The Coyote*.

117: Protest of Election Results

Any individual or organization may protest an election for any infraction of rules or unethical contest. Protests must be received in writing by the Chairperson of the Election Board within seventy-two (72) hours after the results of the election have been posted. The Board shall be responsible for the handling of all contested procedures. After hearing the violations, the Board shall fully investigate the situation and shall then take one of the following actions: a) dismiss the reported charge; b) disqualify the candidate against whom the charge was made; c) call the election "no contest" and call for a re-election; d) refer the matter to the Senate for further action. Action taken by the Election Board shall be submitted in writing to all parties concerned. All decisions of the Election Board may be appealed to Senate.

118: Campaign Debate Night

During Election Week, the Election Board shall determine when the Campaign Debate Night shall be held. The Election Board shall be responsible for organizing and determining the format of the debate night, alongside the Executive Council. The Election Board will also publicize the event and all candidates shall be invited to attend. All candidates present for Campaign Debate Night shall have the opportunity to give a campaign speech and take questions from the audience.

119: Emergency Election Procedures for Major ASCI Office Elections

If no candidate receives a clear majority vote in the election of any major ASCI Office, a runoff election shall take place within seven (7) days of the original election between the two candidates receiving the greatest percentage of votes. If a tie results in the runoff election, the decision shall go before the ASCI Senate, voting to be conducted by secret ballot. The decision shall be based on which candidate receives the majority of votes among Senators present. If a tie shall occur in Senate, the ASCI Vice President shall break the tie.

120: Removal of a Senator and or ASCI Executive Council Positions

A Senator is ineligible for office if they no longer meet the *Qualifications of Candidates* outlined in Section 109 of Election Code, or if they are no longer a resident of their district. A Senator may appeal to the ASCI Executive Council and/or the Coordinator of Student Involvement concerning extenuating circumstances. The Senator may be removed from office by a two-thirds majority vote of the Senate body upon written recommendation of the ASCI Executive Council, the Dean of Students, and or the Coordinator of Student Involvement. Grounds for removal include, but are not limited to, misconduct, and dereliction of duty.

An ASCI Executive Officer may also be removed by an Initiative. Grounds for removal include, but are not limited to, misconduct, and dereliction of duty. The Vice President of Inclusive Excellence may also be removed by a two-thirds majority vote of the Council for Diversity and Inclusion upon written recommendation of the Dean of Students and Coordinator of Student Involvement.

A Senator may resign at the discretion of the ASCI Executive Council. An ASCI Executive Officer may resign at the discretion of the Senate.

121: Procedures for Filling an ASCI Senate Vacancy

In the case of a senator becoming ineligible, resigning, or being removed by the ASCI Senate, an emergency election shall be held within three weeks of the opening.

The emergency election shall be an application and selection process beginning with a call for applications from the constituency and or constituencies in question. These applications will then be reviewed by the Senate Leadership Council (Section: 511) Following appropriate and topical discussion the Senate Chairs will vote on the applications received to select the replacement, in the event of a tie the ASCI Vice President will vote. The committee will then bring their recommendation for replacement before the ASCI Senate Body for two-thirds confirmation vote.
