

Posted 9/10/2026

The Department of Chemistry at The College of Idaho invites applications for a full-time position to begin August 2027. The position will be filled at the rank of either a **Visiting Assistant Professor** (1-year appointment) **or as a Lecturer** (1-year appointment with possibility of renewal), depending on the successful candidate's area of expertise and qualifications. The department is committed to delivering high-quality education and seeks educators who prioritize undergraduate teaching and mentorship.

A full-time appointment in this position will include teaching multiple lecture and laboratory courses during the fall and spring semesters as well as the possibility of working with more specialized courses during the college's three-week January term. Actual course assignments will be determined based on the candidate's experience and departmental needs. Special consideration will be given to applicants who can assist with instruction in one or more of the following lecture/lab combinations: Biochemistry, Analytical Chemistry, Forensic Science and the General Chemistry I & II course sequence.

The successful candidate will approach the undergraduate education process with a growth mindset and a commitment to collaboration with students in the course of their educational journey.

Candidates should possess a terminal degree in chemistry or a closely related field, or an advanced degree in chemistry or biochemistry and an appropriate combination of professional qualifications and certifications. Candidates who are ABD will be considered for this position.

Candidates must be authorized to work in the United States as of the expected hire date and throughout the term of the contract without sponsorship from the College.

Review of applications will commence immediately and continue until the position is filled. Please submit all application materials to careers@collegeofidaho.edu with the subject line: **Chemistry Search**. Additional information may be requested from qualified candidates as we move through the applicant review process.

Application packets should include:

- A cover letter that addresses teaching interests and specifies which area, or areas, of the chemistry curriculum the candidate is qualified to instruct
- Curriculum Vitae
- A statement of teaching philosophy that articulates a commitment to liberal arts education
- Evidence of teaching effectiveness (e.g., syllabi and teaching evaluations)
- Names and contact information for three professional references, with at least one reference able to speak directly to the candidate's teaching

With over 134 years of history, The College of Idaho is a regional and national leader in higher education. The College of Idaho is a [mission-driven community](#) of exceptional learning that challenges the ambitious and forges pathways to success and purpose.

The College of Idaho is proud to be an equal opportunity employer. We are dedicated to attracting, retaining, and optimizing performance and academic excellence through an inclusive workforce. The College does not discriminate based on sex, race, color, age, religion, disability, national and ethnic origin, veteran status, sexual orientation, gender identity, or any other basis protected by law.
